

## Nellim Half-Term Aurora Adventure

**HOLIDAY TYPE:** Small Group  
**VISITING:** Finland

**BROCHURE CODE:** 1909  
**DURATION:** 7 nights

### In Brief

Nellim sits in a remote and beautiful location, offering first-rate family activities and incredible Aurora potential. In the winter, this snow-topped paradise is waiting to be explored, and you will do so via snowshoe, cross-country skis, husky sled and snowmobile. With two Northern Lights hunts included for good measure, this is a perfect half-term break!

### Our Opinion

“ Nellim presents families with an endless Arctic playground for activities such as snowshoeing, snowmobiling, husky sledding and more. Its remote location also ensures minimal light pollution, making it an excellent place to hopefully witness a spectacular Aurora display. One of my favourite things to do during a free evening here is to sit around the lakeside campfire and enjoy hot berry juice with my kids as we keep watch for the Northern Lights – a simple yet memorable family experience. ”

The hotel is family-owned and exceptionally welcoming; renowned for its hospitality, food and friendly staff who do all they can to make sure you make the most of this vast Arctic playground by both day and night. There are plenty of great family accommodation options including suites, hotel rooms and cabins all of which offer a comfortable base to enjoy after a day in the Arctic. Browse through our accommodation tab for more information and see which you think would be best suited for your family.

For families, the inclusive activities (of which there are many!) provide the opportunity to really make the most of these remarkable surroundings. From honing your fire-making and igloo building skills to snowmobiling and husky sledding across the vast, frozen landscape, your family will be sure to have an unforgettable experience. Cross-country skiing, reindeer encounters and snowshoe hikes will also give you a feel for the local lifestyle

here in Lapland.

Ideally located within the Aurora Zone, Nellim is an exceptional destination from which to view the Northern Lights. Four of the Activities Abroad team witnessed their first Aurora either from the banks of frozen Lake Inari or at one of the excellent Aurora Camps here and have since taken their own families back to the hotel to share in the experience.

Each year this half-term holiday receives outstanding feedback and it never fails to sell out so we would recommend booking as soon as possible to secure your family's places on this Aurora Adventure.

Please note that the order of activities within your itinerary is subject to change and the agenda should be used as a guide only. The exact order of your agenda will be confirmed upon arrival at the hotel.

**DAY  
2****DAY IN THE WILDERNESS, NORTHERN LIGHTS WORKSHOP AND AURORA CAMP**

You will awake this morning to your stunning new surroundings and have your first real glimpse of the winter wonderland around the hotel.

After enjoying a hearty breakfast in the restaurant, it is time to get down to the all-important business of exploring! For your first Arctic foray, you will head off for a day in the wilderness – the perfect introduction to this remarkable landscape!

Activities today may include the likes of fire building, igloo construction and ice fishing across the vast, white wilderness. Lunch will be cooked on an open fire, giving you a real sense of the outdoor lifestyle that you will be enjoying here. You will be out for around four hours.

Back at the hotel your guide will take you through some of the basic science of the Aurora and provide some hints and tips for budding Aurora photographers! Your local guides are real Northern Lights addicts and they will share with you some of their experiences and insights into this phenomenon.

After your workshop, you will be fully ready for your inaugural Aurora hunt. Travelling in a snowmobile-pulled sled, you will be led to an Aurora Camp. These camps are local Aurora hotspots which the guides have handpicked for their views of the night sky. A warming fire and hot drinks will sustain you as you await a potential display. You will be out for approximately two and a half hours.

**Included Meals:** Breakfast, Lunch, Dinner

**DAY  
3****CROSS-COUNTRY SKIING, HUSKY SAFARI AND NORTHERN LIGHTS HUNT BY MINIBUS OR CAR**

One of the first things that children in Lapland are taught (once they have mastered walking) is how to cross-country ski. Today it is your turn to take to the trails and get the hang of this sport. With some expert tuition from your guide, you should soon be able to glide along the trails around the hotel. You will be out for approximately two hours.

After lunch, it is time for a real activity highlight as the group heads to the kennels in preparation for this afternoon's dog sled safari. Following a full introduction and a safety briefing, you will set off on your sled with an eager husky team leading the way (two adults will travel per team). Children will travel in a larger sled pulled by the guide's team of dogs. The route you take will vary depending on the weather conditions, but this is sure to be a real highlight for all. Having travelled for around one and a half hours you'll return to the kennels where there will be lots of opportunities to take photos and make a fuss of the dogs before heading back to the hotel. In total, you will be out for approximately two hours.

Following dinner this evening, you will head out in a minibus or car to see if you can track down an Aurora display. Your guides will come prepared with the latest weather and

Aurora forecasts in order to optimise your chances and you will hopefully be rewarded with a spectacular Northern Lights display. One of the most successful spots is Paatsjoki Bridge, close to the Russian Border, where you can look out at the flowing river below. You will be out for approximately three hours.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
4

## SNOWMOBILE SAFARI

One of the most exciting ways to navigate this vast landscape is via snowmobile, whizzing across frozen lakes and navigating the snow-covered forest trails. Snowmobiles are fun, they're thrilling and they give the chance to explore deeper into the wilds.

Adults travel with two people per snowmobile (you can take it in turns to drive, providing you are both in possession of a full licence and over the age of 18) whilst children will travel in a sled pulled by the guide's snowmobile. Your tour will last approximately two hours and there will be a chance to stop along the way to enjoy the scenery.

Your evening has been left free for you to relax and unwind after your long day navigating the wilds. Should the forecast be good, we would suggest taking a walk down to the small lake behind the hotel, or Lake Inari and keeping watch on the skies in the hope of a dazzling display.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
5

## SNOWSHOEING AND FREE AFTERNOON

Although snowshoeing may not sound quite as exciting as some of the other activities you will enjoy on this trip, it is always very popular. You may have worked out by now that if you walk off the trails you can end up waist deep in snow; snowshoes make life much easier. Exploring on foot gives you the chance to see the flora and fauna up close and your guide will point out any animal prints as you go. You will be out for approximately two hours.

Your afternoon and evening have been left free for you to relax or enjoy activities at your own pace. Snowshoes and cross-country skis are available to hire from the hotel, meaning you can take advantage of the numerous trails which surround the hotel and neighbouring forest land if you want to explore independently. Many families take to a sledging slope and then simply enjoy time around one of the lakeside campfires watching the skies.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
6

## REINDEER VISIT

A trip to Lapland wouldn't be complete without the chance to meet some reindeer. These gentle creatures vastly outnumber the residents of Lapland and reindeer herding is of great importance to the region. The traditions and knowledge of this occupation date back centuries and herding has had a huge impact on the culture here.

This morning you will visit these gentle animals. Here you will have the chance to feed the reindeer and talk to the guide about a traditional herder's livelihood. This is a wonderful opportunity to get up close with these gentle creatures and gain an understanding of the history of this region and its unique cultural identity.

This activity lasts approximately two hours.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
7

FREE DAY

After an action-packed few days, we have left your final day free for you to tailor your time. You may opt to relax and refresh before you return home tomorrow, or you could explore the local area further by hiring snowshoes or cross-country skis. Additional activities can also be arranged (please speak to one of our Travel Experts for further information).

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
8

## Spend the night in an Aurora Bubble

A wonderful addition to your family holiday, spending the night in an Aurora Bubble offers the chance for a unique and memorable night's sleep, as you lie back in bed and gaze directly up into the pitch-black Arctic sky.

Each Bubble consists of a wooden base, with a large north-facing dome window over the bed. There is also a small toilet too. They are heated and decked

out with cosy furnishings, ensuring a warm night's sleep. Of course, you may not want to sleep much, choosing instead to keep a close watch on the sky!

The Aurora Bubbles are situated a short walk from the hotel amongst the trees. They have no running water but if you upgrade to spend the night in a Bubble then you will also keep your hotel room so facilities are within easy reach. Please note that the beds in the Bubbles are double beds so can only accommodate two people.

Whilst we can't guarantee the Northern Lights, this remains a genuinely memorable and fun experience for your family!
