In Brief

Wilderness Hotel Muotka is a charming and secluded forest retreat located in the pristine wilderness of Finnish Lapland, it offers an authentic experience for families seeking a blend of cosy comforts and winter adventure. You will explore the Arctic landscape by dogsled and snowmobile and also have the chance to learn about the indigenous Sami culture. And no trip to the Arctic would be complete without a hunt for the majestic Northern Lights.

Our Opinion

“ Muotka is one of those places where you really feel you have stepped out of the modern world for a few blissful days. That said, this fast-paced itinerary includes all of the essential Arctic experiences, designed specifically for a family to enjoy together. Together with the environmentally sustainable practices employed by your hosts, minimising your impact on the pristine environment you are visiting, it is a winning combination for a family trip to the Arctic ”

Trip Overview

Muotka is a hidden gem. Despite its location high in the Arctic, a warm welcome awaits your family. The hotel also embraces the spirit of eco-tourism, emphasizing sustainable practices and a deep respect for the natural environment.

Lapland is known for its stunning natural beauty, with vast forests and pristine rivers. Muotka's remote location allows visitors to embrace this Northern wilderness while staying in cosy and traditional accommodation. Options range from the well-appointed standard rooms to luxurious cabins and glass roofed kota to enhance your prospects of seeing the Northern Lights – please speak to one of our Travel Experts if you would like to consider an upgraded room type.

Your itinerary here has been chosen to showcase the Arctic at its best and indulge your sense of adventure. Snowshoeing is a great way to connect with nature and enjoy the serene beauty of the snow-covered landscape. You will take a more high octane approach on your snowmobile safari and also learn about the indigenous Sami lifestyle and their co-dependence on the reindeer, one of the most famous inhabitants of the region. Many people's favourite experience in this region is dogsledding and you will get to take your own team of willing canine athletes – there is nothing quite like the silence of making your

way along a trail with the sounds of paws on snow the only thing you can hear! Lastly, we include an Aurora Camp to maximise the potential to see one of Nature's most spectacular phenomenon. Please note if you are travelling over Christmas (celebrated on 24th December throughout Scandinavia) or New Year, you will enjoy a festive dinner and celebrations on the respective dates

Agenda

DAY
1

ARRIVAL

You will arrive at Ivalo Airport, which serves as the starting point for your adventure. Your transfer to Muotka will be waiting for you. This transfer is likely to be a scheduled group shuttle that might make stops at nearby hotels. If you prefer a private taxi transfer, you can inquire about upgrading the transfer (additional cost may apply).

After checking in, you will have dinner in the hotel restaurant – your first chance to sample the flavours of Lapland. After receiving your cold weather clothing, why not take a walk outside and keep your eyes on the skies. An Aurora display on your first night, would be the perfect way to kick off your trip.

Note about Activity Order: The order of activities mentioned in the itinerary is subject to change. The final agenda for your trip will be confirmed upon your arrival at the hotel.

Included Meals: Dinner

DAY
2

SNOWSHOEING AND AURORA CAMP

After a hearty breakfast, you will be able to immerse yourself in the snow-covered forests that surround Muotka. You'll have the opportunity to enjoy a peaceful walk through the picturesque landscapes, equipped with snowshoes and poles for ease of movement. The guide's stories and insights about Finnish nature and animals will add further depth to your experience. This activity takes approximately two hours and will be followed by lunch at the hotel.

You will have some time to yourself in the afternoon, and you can arrange to hire snowshoes whenever you wish if you want to explore the extensive trails around the hotel, but equally you may wish to spend some downtime enjoying the hotel's sauna.

After dinner this evening, you will be collected and comfortably seated in a sledge that is

pulled by the guide's snowmobile. This way you can search the skies on the way to your destination – one of Muotka's well equipped Aurora Camps. The camp will have been chosen for its clear view of the sky and minimal light pollution. As you keep watch your guide will serve warm drinks and give you information on the Northern Lights. This activity is two and a half hours in duration.

Included Meals: Breakfast, Lunch, Dinner

DAY
3

HUSKY SAFARI

Today will surely be a memorable one as you experience a husky safari across the fells. The dogs here love nothing more than to pull a sled and their enthusiasm is a joy to witness. You will travel two people per sled with a team of four to six dogs – it is recommended that adults only drive the sleds, although the guides may allow older teenagers to do so. Younger children will ride in the sled driven by an adult in their party or with the guide. Once the dogs' initial excited barking has abated, they will pull you enthusiastically across the snow and the experience becomes an altogether tranquil one. The peacefulness of the activity will allow you to really appreciate the awe-inspiring wilderness that provides the backdrop to the experience.

The distance travelled will be determined by the conditions on the trail but you will be driving for around one hour with the dogs. This activity last around two hours and you will take lunch back at the hotel.

This afternoon is left free for you to set your own agenda. You may want to book an additional activity (payable locally) or alternatively, you can take advantage of one of the saunas or enjoy a good book and some downtime.

There are no guided Aurora activities planned tonight, however, the skies above Muotka have produced inspiring displays of the Northern Lights and you don't necessarily have to go very far to witness a wonderful show. With any luck, the sky will be filled with a dazzling array of colours.

Included Meals: Breakfast, Lunch, Dinner

DAY
4

SNOWMOBILE SAFARI TO REINDEER FARM

Snowmobiles have become essential machines in this corner of the world, keeping remote communities connected and also providing reindeer herders with an easier means of tracking down their dispersed herd. However, for visitors to this area, they are also a thrilling way to see as much of the winter landscape as possible.

After full instruction and a safety briefing, you will head out into the vast wilderness travelling two people per machine. Your destination for the morning is a reindeer farm around 20km away so there will be the chance to swap drivers (providing you both have full driving licences and are over 18) allowing you both to take control of the snowmobile

and travel as a passenger, enjoying the scenery. Any children under 14 will travel in a sled pulled by the guide's snowmobile.

Upon arrival at the reindeer farm, you will be able to chat with the herder and ask them any questions you may have. Reindeer herding has been an inherent part of life in Lapland for many hundreds of years and today you will learn a little about the fascinating history of herding and its importance to the local culture. This activity lasts for around four to five hours and includes a soup lunch, as well as a short reindeer sleigh ride.

You have your final evening at Muotka to spend as you wish, again you can book another activity locally or you can consider upgrading your accommodation for your last night to one of Muotka's famous glass roofed kotas to hunt the Lights in style. Please see the Accommodation page for further details.

Included Meals: Breakfast, Lunch, Dinner

Our pick

Sleep in an Aurora Kota

Muotka is renowned as an Aurora viewing destination and so the hotel has created a selection of Aurora Kotas for guests to enjoy.

These part-cabin and part-glass tepee buildings are self-contained and situated a short distance from the hotel. The idea is that you can hopefully watch the Northern Lights from the comfort of the bed.

The Kotas are all 25m² with their own private sauna, double bed and en-suite bathroom. There is also room for two extra beds for

children.

Please note: prices are based on you spending the first or last night of your holiday in this unique accommodation and not keeping your original accommodation. If you would like to do this on any other night during your holiday you will need to keep your accommodation and supplements will apply. Please contact our Travel Experts for a quotation.

Around 40km away from Ivalo Airport, and tucked neatly in the forests and fells of North East Finland, families will find Muotka Wilderness Hotel.

The landscape around the hotel is stunning and offers families an easily accessible escape from the every day.

They are just moments from each other so there are no long walks for meals. There are also superior sauna rooms in separate buildings and some very special cabin options too, again, only a short distance from the hotel's main restaurant. If you are considering upgrading to one of these options, subject to availability and a supplement, please speak to one of our Travel Experts.
