### Our Opinion

“ Brändön Lodge is the perfect setting for a family Christmas holiday. The cosy winter cottages are spacious and surrounded by fluffy winter snow. They overlook the frozen Bay of Bothnia, so there is plenty of space for children to play and enjoy a real white Christmas. The lodge provides free use of equipment such as snowshoes and toboggans and they also have a fantastic range of winter activities so you can get out and explore. There is even a reindeer farm close by. What could be more festive than meeting these furry animals over Christmas? ”

## Trip Overview

Brändön Lodge is a firm favourite with our families and this pick and mix Christmas holiday is a real gem. Located on the edge of the frozen pack ice in Swedish Lapland, Brändön offers winter cottage accommodation perfect for giving your family its own space in which to enjoy each other's company. The cottages are close to the main restaurant and all face the frozen sea, giving you a brilliant base for a Christmas break full of family experiences.

What we love most about Brändön is the welcoming atmosphere which will have your family feeling at home straight away. The Swedes are renowned for their friendliness and the owner, our good friend Göran, will make sure your family is in expert hands from start to finish.

Thanks to its fantastic location next to snow-covered forests and the shores of the frozen Bay of Bothnia, your family can enjoy a fabulous range of winter activities at Brändön. Your time has been left completely free for you to create the perfect itinerary to suit your family. The activities here are focused on shared experiences and adventure and are led by professional guides with an incredible passion for the wilderness.

You could learn how to drive a team of huskies as you mush through the forest and across

the ice, taking part in perhaps the most-loved winter activity of all. Or perhaps you want to experience the local's favourite pastime of ice fishing, which includes drilling a hole into the thick ice before waiting in anticipation for your catch. You could also hunt for the Northern Lights via snowmobile-pulled sled as you head out onto the ice, journeying from small island to small island in search of the elusive Aurora.

An amazing added bonus to your stay at Brandon Lodge is the reindeer farm directly next door. Here, the Sámi herder, Henrik Andersson, keeps several of his reindeer and you can visit them as and when you like. They are always pleased to see anybody who feeds them through the fence of their corral!

For a Lapland Christmas holiday filled winter fun, memories to treasure and tailored to suit your family, Brändön Lodge is the place to be.

### Nordic Winter Skills

Strap on snowshoes and get ready to learn about the wilderness like a real explorer. A guide will lead you on a three-hour adventure on the trails near Brändön Lodge. They will point out the tracks of animals and teach you about the fauna and flora that can be found here. Stopping along the way, you will be taught how to start a small fire and rustle up a hot drink in the outdoors. For lunch, you will sit in a native-style tent for a traditional meal cooked up over a fire. This is a wonderful way to get familiar with your surroundings.

**Duration:** 3 hours

### ACTIVITIES

### Northern Lights Sled Tour

This is a fast and comfortable way to go looking for the Northern Lights. Sit back on warm reindeer pelts in a cosy sled as your guide pulls you along with their snowmobile. Moving out over the frozen sea, you will move between islands as you search for the Aurora above. You'll make a stop for warm drinks and snacks around an open fire, as you search the skies for the Aurora.

**Duration:** 2 hours

## Northern Lights Snowshoe Walk with Wilderness Dinner

Snowshoes make it very easy to walk in areas of deep snow. You and the children will greatly appreciate this when snowshoeing in search of the Northern Lights because they will help you get to less accessible wilderness areas where it is easier to spot the Aurora.

After walking through the snow-covered forest, your guide will prepare a fire and begin cooking your evening meal, as you discuss the science behind the Aurora and learn about the local area. Hot drinks will keep you nice and warm as you look to the skies in search of the Northern Lights.

**Duration:** 3 hours including outdoor dinner

## Husky sledging (self-drive) 1.5-hours

Husky sledging has to be one of the most popular activities in this part of the world and a huge favourite with kids and grown-ups alike. You will be taken to a local husky farm where you will meet the excited dogs and learn how to control a sled. Following your expert guide, you will ride two people per sled, with a chance to swap drivers along the way.

This activity is 1.5 hours in duration (including transfers and preparation) and promises a great time out on the snow.

**Duration:** 1.5 hours

**Availability:** 17th Dec to 04th April 2025

## Hovercraft tour on the sea ice

This is a truly unique way of getting around over the frozen sea – an experience that is only available in this part of Swedish Lapland! Journeying along, you can keep an eye out for sea eagles and seals. There should be time to stop and walk a little over the sea ice, taking in your amazing surroundings.

**Duration:** 2.5 hours

## Ice Fishing

Ice fishing is a much-loved hobby in Sweden, and taking part can be a family tradition for many. You and the children can get a feel for this pastime with this activity. You will be taken to a specially chosen fishing spot in a snowmobile-pulled sled.

Here, your guide will show you how to drill through the ice and assemble a fishing line. As you wait for a catch, you can relax with a hot drink and a sweet snack. Species that can usually be caught include perch and occasionally pike.

**Duration:** 2 hours

**Available:** 15 Dec – 07 Apr 2025 (start and end dates depends on ice conditions)

## Icebreaker

An icebreaker conjures up images of Arctic Voyages and historical expeditions and a chance to enjoy a trip should not be missed. Children, in particular, are sure to love the loud crack as your ship, 'Arctic Explorer,' cuts through the thick sheet of ice with apparent ease and the vast ocean below is revealed. You will get a real sense of adventure when the shards of ice surround the boat and the outlook is one of shimmering white.

You will take a 35-minute transfer to Luleå from your accommodation before picking up a second transfer from Luleå to Piteå, which takes approximately 50 minutes. Following an introduction and safety briefing by the ship's captain, the journey will begin in Pitsundskanalen, which is where the mouth of the river Piteälven meets the open sea. A mere 100 yards ahead of this point, the ocean opens out and there is a seemingly endless display of ice, which is easily broken by the 'Arctic Explorer'. The ship leaves a trail of exposed ocean behind and this makes it possible to bathe in the freezing water.

You will be given survival suits which will provide protection from the cold and also prevents you from getting wet. Following this, you will have the opportunity to float in the water at the rear of the ship, which is a really exciting activity (see below for age restrictions). You can also experience walking upon the thick ice of the frozen sea around the boat as it sits with a clear path behind it and solid ice in front.

The cruise will last for approximately 2 hours. A hot drink and survival suits are included.

**Please note:** although children of all ages are welcome to join the cruise, due to the availability of survival suits, swimming in the frozen sea is only available for children 7 years and older, or children above the height of 125cm.

**Child price (4-12 years):** on request

**Available:** 17 December until 04 April on a variety of days (start and end dates depends on ice conditions)
