

## Vuokatti - Half-Term Winter Adventure

**HOLIDAY TYPE:** Private Departures  
**VISITING:** Finland

**BROCHURE CODE:** 1919  
**DURATION:** 5 nights

### In Brief

Vuokatti is perfect for an activity-filled half term adventure. Located in the centre of Finland, this region is a winter playground and offers all the key activities, but without the volume of visitors which Lapland experiences during peak weeks. Over 5 nights you will enjoy an unforgettable husky safari, a snowmobile adventure and will have the chance to try ice fishing. You will even search for the Northern Lights during a snowshoe trip.

### Our Opinion

*“ Having travelled from the UK where winter is generally grey and uninspiring, I was spellbound by the blankets of winter snow covering the trees and the vast sea of white which stretched out as far as the eye could see. The landscape awoke the child within me and I was just so eager to get out and explore. Fortunately, the range of activities available in Vuokatti is fantastic but you don't have the higher numbers of guests that can be found in areas of Lapland. The guides were amazing and really looked after us, ensuring that we had the best experience possible. I would certainly recommend Vuokatti as a firm family favourite. ”*

## Trip Overview

Nestled in the centre of Finland, the village of Vuokatti is an ideal spot for families. Even the Finns travel here from the south of the country to rekindle forgotten childhood memories of winter. They consider it something of a hidden gem for family holidays.

The landscape is transformed into an activity playground in the winter months and the focus here is on getting outside and exploring. Our holiday includes a fantastic range of activities which are operated by knowledgeable and expert guides. We've included our favourites, along with time for you to tailor your holiday and perhaps take to the nearby downhill ski slopes or try some additional activities. Of course, relaxing and spending family time at the hotel is also an option.

Your week will begin in the best possible way with a husky safari. There are no better companions than a team of eager sled dogs.

A thrilling snowmobile safari is next on the agenda and provides the chance for you to explore the wilderness and cover greater distances.

You will also experience one of the most traditional local pastimes as you try your hand at ice-fishing.

On one evening you shall strap on some snowshoes and follow your guide into the wilderness. Your mission is to find an ideal viewpoint from which to watch the skies for the Northern Lights, which visit this region frequently during the winter months.

Throughout, families will stay at Hotel Vuokatti and Suites which combines modern comforts with a picturesque setting. There is a range of facilities, but we imagine Mum and Dad will particularly enjoy the three hotel saunas.

This holiday takes full advantage of all that is on offer in this relatively undiscovered area of Finland and is sure to create unforgettable family memories.

### HUSKY SAFARI

What better way to start your holiday than with a husky safari. We are not sure who will be more excited, the parents, the children or the dogs, but it is certainly a favourite activity here at Activities Abroad.

You will be picked up at the hotel and transferred to the husky centre which is about five minutes away. Your guide will then introduce you to the dogs who love nothing more than to pull their sleds.

After a safety briefing and information on how to handle the sled, you will set off, travelling two people per sled on a 6km trail towards the Vuokatti hills, with one person (an adult) taking the controls and the second enjoying the views from the sled.

The excitable barking of the huskies will swiftly be replaced by the gentle pattering of

doggie feet as you glide along the trail. Hot drinks will be included during the activity. In total, you will be out for around two hours and shall be dog sledding for around 30-40 minutes depending on the conditions.

After the adventurous start to your day, you may like to add in some additional activities, or perhaps take to the nearby downhill ski slopes (payable locally), please see the 'personalise' section of the holiday page for details.

Dinner will be served at the hotel this evening.

After instruction on how to drive the snowmobile and a safety briefing, adults will travel two per machine whilst the children will travel in style in a sleigh pulled by the guide's snowmobile. There will be a break for warm drinks and snacks during the safari and you will be out for around two hours in total.

Please note that you must be over 18 and hold a full driving licence to drive a snowmobile.

The remainder of the day is yours to spend at your leisure. If you would like to explore Vuokatti further then there is a range of additional activities which you can add to your holiday, including an evening search for the Northern Lights by husky or snowmobile. ## ICE FISHING

Ice fishing is a hugely popular way for families to spend time together in Finland, and this Lakeland region offers some wonderful spots.

After breakfast, you will head to a nearby frozen lake with your guides. Your first task is to drill holes through the thick ice to reach the icy waters below, then all you need to do is drop your line and wait. Trout, perch and pike are the most commonly caught fish here so fingers crossed you can land a catch. Hot drinks will be served during the activity and you will be out for around 1.5 hours in total.

Following the tour, you will be transferred back to the hotel where you can choose to either relax or try out some additional activities locally (see 'personalise' section for

details).

Dinner will be served in the hotel restaurant.

During the evening you will enjoy a meal in the hotel restaurant before your snowshoe hunt for the Aurora Borealis. You will strap on your snowshoes and follow an expert guide who will lead you to areas which offer the best opportunities for viewing the Northern Lights.
