

## Vuokatti - New Year Adventure in Finnish Lakeland

**HOLIDAY TYPE:** Small Group  
**VISITING:** Finland

**BROCHURE CODE:** 1922  
**DURATION:** 5 nights

## In Brief

Nestled in the Lakeland region of Finland, Vuokatti is a family winter playground. The frozen lakes, snowy fells and winter forest combine to create a pristine wilderness which is just begging to be explored. Vuokatti offers a fantastic range of winter activities and we have chosen our favourites for this New Year adventure. Travel along forest trails with a team of huskies, search for the Aurora via snowshoe, explore the winter scenes on a snowmobile and fish like the Finns on a vast frozen lake.

## Our Opinion

*“ Spending New Year in such a picturesque winter environment was a highlight, but the range of winter activities and the quality of the accommodation are what made Vuokatti stand out for me. The spacious suites afford fantastic views of either the frozen lake or the snowy hills and are perfect for families. The activities were run by highly knowledgeable guides and you could sense their passion, particularly at the husky centre. The huskies were like their furry extended family, showing a natural understanding of the guide which ensured an incredible dog sledding experience for guests. ”*

# Trip Overview

Vuokatti is a pristine winter wonderland set in the Lakeland region of Finland. Finns have often considered it a hidden gem and they travel up here from the south to enjoy the pristine snowy landscape.

Like any winter wonderland, the main priority is to get outside and explore. Vuokatti is an ideal family destination as there is a fantastic range of winter activities available, all of which are operated by expert guides, who are hugely passionate about the area. We have included our favourites on the agenda, but you can tailor your holiday and add in additional activities should you wish. There are also downhill ski slopes nearby which are easily accessed via the free ski bus.

The spectacular landscape is perhaps best explored via a snowmobile and during this trip, you'll visit the stunning Vuokatti Hills for a brilliant vantage point of the surrounding area.

Your holiday also includes local favourites too, such as ice fishing. This traditional Finnish pastime takes place on a frozen lake where you will drill a hole in the ice and try to catch fish, as you admire the stunning winter landscapes around you.

A husky safari always captures the imaginations of both adults and children alike, mainly because of the eager dogs who love to pull sleds. It is difficult to put into words the experience of being pulled along by 'paw-power' alone. Just don't forget to give the dogs a cuddle after!

The dark nights and northerly location also mean that it is possible to witness the Northern Lights in this region and we have included an evening snowshoe adventure in search of Nature's greatest light show.

Your accommodation is at the wonderful Hotel Vuokatti and Suites, which is an excellent base for families, combining modern comfort and facilities with easy access to the wilderness.

This holiday takes full advantage of all that is on offer in this relatively undiscovered area of Finland and you are sure to leave with a wealth of New Year memories.

## HUSKY SAFARI

After a leisurely breakfast, you will join a local guide and make your way to the husky centre, around 5 minutes' drive away. Prepare to be greeted by an assortment of happy barks and howls; these sled dogs love nothing more than to run and so they get very excited for the trail.

You will be given full instruction and a safety briefing before setting off on a 6km trail towards the Vuokatti hills, with one person (an adult) driving and a second enjoying the views from the sled. The barking is suddenly replaced by silence and the dogs become focused on pulling the sled. Travelling amidst a winter landscape with a team of sled dogs is difficult to put into words, but it will be sure to provide lifelong family memories. You will spend between 30 and 40 minutes out with the dogs, depending on conditions.

Following the safari, you will get the opportunity to meet the dogs and learn about their lives. This activity lasts around two hours in total and includes hot drinks.

The remainder of the day is yours to spend as you wish. You can make use of the nearby downhill ski slopes (either a 500m walk or a short ski bus ride) or there are some additional activities which can be added to your holiday, which include the chance to meet Father Christmas, so please see the 'personalise' section of the holiday page for details.

Dinner will be served in the restaurant this evening.

After breakfast, you will enjoy the traditional Finnish pastime of ice fishing.

At the lake, you will assist your guide with drilling a hole in the ice before dropping in a line and waiting to see if a fish will bite. Pike, perch and trout are the most common species in this area. Hot drinks are included and the activity will last around 1.5 hours in total.

Following the tour, you will be transferred back to the hotel where you can simply relax and enjoy the winter surroundings and the hotel facilities or include some additional activities. See our 'personalise' section for more details.

Please note drivers must be over 18 years old and hold a valid driving licence and there will be the chance to swap drivers during the trip. In total, you will be out for around two hours.

The remainder of the day is yours to spend at leisure.

A free ski bus leaves from the accommodation approximately every two hours between 9 am and 4.30 pm so you have a choice of when to head to the spa and come back, just make sure you're back at the hotel for dinner!

During the evening, an expert guide will lead you into the forest for an evening adventure in search of the Aurora Borealis.
